From the Principal

Note from the principal:

Parent Teacher conferences are a great time for us to share information with parents about successes and challenges that we see here at school. However, it is also an opportunity for us, as teacher, pastor, and principal to listen. Please let us know how we can help you! I pray that every parent is able to take time to meet with their child's teacher for a conference. It is so important that we work together for your child! I will be available during Parent Teacher conferences and look forward to seeing you!
